

## **Video Introduction Assignment**

**Dr Mathias Klang**

**DTEM1410**

**Fall 2018**

The goal of this exercise is to get hands on experience with creating a short video and familiarizing yourselves with uploading it to YouTube, while introducing yourself to the instructor.

Each student shall create a 2-3 minute video that addresses the following things (in any order)

1. Introduction of yourself and your favorite object (other than your phone)
2. Technology annoys you the most
3. Your favorite idea or concept

In addition to this you can include any number of things, such as: What things do you do during your spare time? What do you want to do after you graduate? What are your career goals? Think about the ideas & things that identify you or that you identify strongly with. Favorite shirt, a pet, food you hate/love, a view, a song, an idea...

Try to make it into a seamless narrative. Think about the ways in which the words, the audio, the images, and the overall message are connected.

### **Requirements**

- 2-3 minutes long
- utilizes transitions
- has a title and name of creator
- provides photo and music credits, as necessary
- Upload the video to YouTube (public or unlisted is fine)

### **What I will be looking for in your video**

Sequencing: Content is well thought out and sequencing makes sense

Audio: Music/sound enhances the narrative/video

Technical Aspects: 2-3 minutes, includes music, utilizes transitions, provides title and name of creator, provides credits (as necessary)

Overall: Message is clear, video explains who you are, powerful images used for visual metaphor

You can use any program to make your video.
